# LungLoveLink

Our free moderated online “message board” or discussion site open to lung cancer patients, survivors, their loved ones, and anyone who has questions or concerns about lung cancer.

When a person or their loved one is diagnosed with lung cancer, it can be hard to find others who have been through similar experiences. Support groups are not always available or feasible. LungLoveLink provides a safe place to “meet” for encouragement, support, and information.

## *LungLoveLink* is:

- **Private.** Members can set up a profile and provide as much or as little information as they wish. The site allows for anonymity that is not available with in-person support groups or even by phone.
- **Moderated.** LCA staff and volunteers actively monitor for scams and abuses, and members are held to the Terms of Service and Community Guidelines.
- **Accessible.** The site is available 24 hours a day, 7 days a week.
- **Open.** Members are encouraged to discuss any topic that is important to them as long as the rights of others are respected. Existing content may be read without registering, but only registered users are able to post comments or questions.
- **Supportive.** Members can get their questions answered or just get the support of others who really understand.

## LungLoveLink can help.

If you have questions about LungLoveLink, please call us at **1 (800) 298-2436** or visit [www.lunglovelink.org](http://www.lunglovelink.org) to see for yourself!

Lung Cancer Alliance's (LCA) programs are made possible by generous support from people like you. Please consider giving back so that others may continue to receive these free services. LCA is a 501 (c) (3) non-profit organization. All donations are tax-deductible to the fully extent permitted by law.

This series was made possible through the generous support of

© 2010 Lung Cancer Alliance

Lung Cancer Alliance (LCA) is the only national organization to provide advocacy and support exclusively to those diagnosed with or at risk for the disease. Our mission is to lead the movement to reverse decades of stigma and neglect by empowering survivors and their loved ones, raising awareness, and changing health policy. All LCA support services are provided free of charge.
